

Andre Luu

External Affairs Vice President

Report For February 8, 2017

Associated Students of the University of California

Meetings Attended

Not Applicable

Current Projects

2/8/2017

Legislative Affairs:

Planned the February lobby meetings

We will be releasing the SLC and DC lobby trip application forms soon

Local Affairs:

Contact Bikeshare company to explore closer locations since the closest location is UCha on Bancroft which is not very accessible for all students; seeing if we can get Bikeshare locations on Greek Row, Northside, and Southside

Partnering with Suitcase Clinic on new projects

State Affairs:

This past weekend, went to the UCSA Board Meeting in UCSC, and determined some action steps for the different campaigns:

For UC Sustain Our Students, we are looking into adopting a standard of living (have not yet determined if it should be campus-specific or not)

For #HowAreYou, add intersectional questions to the CAPS intake regarding housing, food, campus climate, etc.

For Relgnite, work on securing a system-wide ethnic studies requirement (which for Berkeley, we already have through the American Cultures requirement)

For Sanctuary UC, work on securing UCSA-AFSCME demands on specific protections for sanctuary campuses, including engaging the UC to also demand a sanctuary state

International:

World Food Fair (collaborating with OP and ASUC SUPERB Perspectives)
